

Bluestone.

INTRODUCING THE FEE-FREE OFFSET ACCOUNT

A simple way to reduce interest costs on your home loan

What's different about the Bluestone offset account?

The Bluestone offset account makes it easier for you to manage your money. With a separate BSB and account number, you can benefit from lower interest charges on your home loan while keeping your personal spending funds separate from your repayments.

When you want to use the money in your offset account for everyday spending, you can instantly transfer the funds to a transaction account at another financial institution that's also on the New Payment Platform (NPP).

What's coming up

While we're not able to offer point-of-sale payment capabilities at this time, they will be available when we upgrade our offset account feature in the first half of 2022.

 Offset account is available from the 9th of September 2021. Customers who choose Bluestone offset account will receive set up instructions upon settlement.

Want to find out more?

Contact our customer support team on **13 25 83** or email customerservice@bluestone.com.au to learn more about our offset account.
